August 10, 2022

Bay Metropolitan Transportation Authority would like to invite Qualified Contracting firms to submit a proposal for removal and replacement of the Sand Trap Vault in their Bus Wash at their main office building per the specifications.

There will be a preproposal meeting and facility walk through at 10 AM on Thursday August 25, 2022 where we will be going over the proposal documents and specifications of the project. This meeting is not mandatory however, it is best for a representative to be present to fully understand the project and requirements.

The pre proposal meeting will be held at Bay Metro Transit's main office building at 1510 N Johnson Street, Bay City Michigan 48708.

If you are unable to participate and are aware of another qualified company that would like this opportunity, please forward this solicitation to that firm.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Dominowski". The signature is written in a cursive style with a horizontal line extending to the right.
